A Round of Applause for the Stars of *Beyond the Presses!*

You've spent the last few months traveling through Sentinel Printing with Dale and Brad meeting our experienced staff all the while learning about the printing process.

We now invite you to be part of the action of *Beyond the Presses* by having Sentinel print your next project! You never know who you might just meet!

"As a printer for most of my career, I have had the experiences of working with many different types of equipment and a variety of people. As Sentinel's Production Supervisor, I am proud of our loyal staff and the products they produce. Being confident about quality and service is something that I can say is always top priority at Sentinel."

-Brad

"I've experienced the inner workings of small duplicator printers and very large web facilities throughout my print career. Not unlike Goldilocks, Sentinel Printing has the "just right" mix of sheetfed and web capabilities to service the needs of the small publisher to the larger industrial client. I invite you to give Sentinel a try in your next print project."

-Dale
